Canada's Distinguished Visitors USE Ye Olde Firme Heintzman & Co. Pianos

On Their Canadian Tour

His Royal Highness, the Prince of Wales, as on his previous tour, has chosen a Heintzman & Company Piano for use in his suite. This occurred at the Chateau Frontenac, Quebec, and at the Ritz-Carlton, in Montreal. The fact that the Prince repeated on this 1927 tour, the selection made on his previous visit, is striking evidence of his preference for Canada's celebrated instrument.

In addition to supplying the Prince of Wales with a Heintzman & Co. Piano we had the pleasure during the visit of Hon. Stanley Baldwin and Mrs. Baldwin to Toronto of placing one of our Louis XV Grand Pianos in the suite which they occupied at Casa Loma, Toronto's palatial Apartment Hotel.

It is such outstanding users who have helped to give Heintzman and Company its world-wide and Company its world-wide prestige — outstanding person-ages having almost invariably indicated their preference for Canada's leading Piano.

A catalogue showing this Louis XV piano and many other period styles gladly sent you upon request.
