

DODGE BROTHERS

Senior Line

Announcing the Senior Convertible Cabriolet

Distinctly a Dodge creation—a new type body.

Unbelievably fresh in beauty. Thrilling in performance. Strikingly smart and novel in design.

Full door frames, instead of collapsible pillars. Result—greater rigidity, increased quiet.

Comfort for five—three in front, two in rumble seat. Both seats upholstered in smart, Spanish leather.

Six-cylinder engine packed with power. Lightning pick-up. Sweeping get-away. Seventy miles—and more—per hour. Forty-five in second speed!

Superb fleetness and grace. Product of custom craft, this car is now on display as the newest addition to Dodge Brothers magnificent Senior Line.
