### What's been happening to everybody?

ALL sorts of things! Isobel's been to France, and Pat's won the golfing championship, and Mary, whom you liked so well at school and haven't seen for years and years, is perfectly gorgeously happy with a brand new husband!

You know, because you saw it in Mayfair. It isn't possible to keep in touch with everyone—time flies so fast! But tuck your feet up now and then and open the covers of Mayfair,—and old friends and new friends, and friends-by-hearsay come close and share with you their sport and adventures.

Entertainment, information, style authority,—Mayfair's more than this. It is a monthly contact with those you know and like and the world you hold in common.
