INTRODUCING

# PINE TREE

A NEW CREATION  
in  
SOLID SILVER

Symbolic of the Silent  
Grandeur of a  
Pine Forest

the pine tree  
is inscribed  
on the back  
of each piece

What greater beauty than a Pine  
woods in Canada?

What more striking spectacle than  
the pine covered slopes of rocky  
mountains, rising majestically to  
pierce the clouds?

Evergreen through sun and snow --  
the constant decoration of Nature's  
table. Defying the elements, a  
thousand years pay tribute to the  
staunchness of the pine.

What greater achievement then, than that the art  
of silversmithing should transfer to sterling silver,  
the grandeur and staunchness of the pine tree?

For here we introduce the new "PINE TREE"  
pattern -- imprinted with symbolic beauty. To you,  
and to your guests, it will be "evergreen" -- the  
constant decoration of your table. And, like the  
Pine Tree, it will be with you forever as fascinating  
and as durable as its namesake.
