### SPIDER WEB

The Newest French Dress Fabric

The finest texture in a woollen weave ever produced on a loom.

Paris—fashionable sophisticated Paris—the centre of brilliant inspirations—Paris is all agog over this, its latest achievement in rare and gracious fabrics—Spider Web—the sheer, the exquisite, a weave so fine the world has never seen its equal. How gracefully it lends itself to every whim of fashion, sinuous lines, subtle drapings, classic tucks and pleats of the newest mode. In a symphony of fascinating plain colors—The loveliest fabric in the world for—
