Waterman's patrician 47th Anniversary Triumph

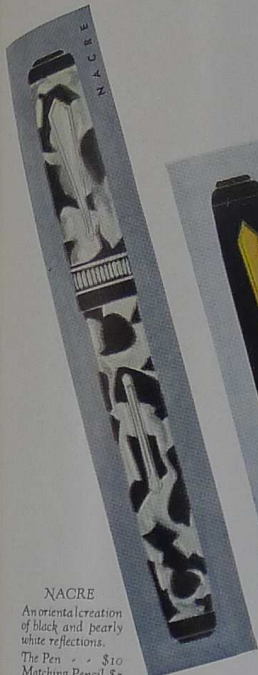

A New Design . . . Years Ahead

STYLE WITH UTILITY

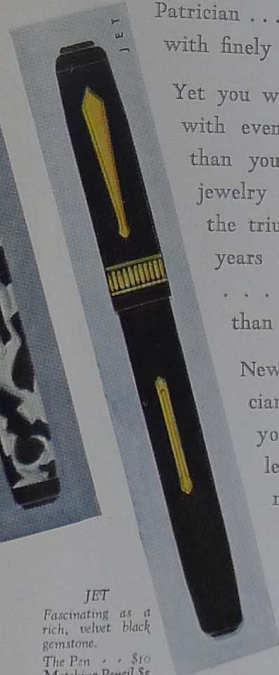

Smartest of fountain pens is Waterman's new Patrician . . . like a fascinating gemstone set with finely crafted gold. . . .

Yet you will admire and prize Patrician with even greater pride of ownership than you would a piece of precious jewelry . . . for Patrician is indeed the triumph of more than twoscore years of Waterman achievements . . . and years ahead in more than exquisite pen beauty. . .

New styled as well, Patrician's feel instantly tells you that Waterman's leadership has reached new heights in crafting so fine a writing instrument. . .
