YOU will love the shimmering sheen of stockings in Holeproof-Lucile colors—each shade is a transported bit of Paris, in atmosphere, in charm and distinction. There is that air of smart-

ness that savors of foreign salons—and, too, each shade retains its original color after repeated launderings—a feature exclusively known to Holeproof chemists. You will want to see and wear Holeproof Hosiery—a legion of Holeproof-Lucile colors awaits you at the better stores.
