ABOUT WANTING WHAT YOU WANT
AND RIGHT SPEEDILY

This is the important age when feminine folk require individual costumes. Hat, frock and shoes must fit into the personality scheme as well as have all the other attributes that are ordinarily in demand. Add to this the pressure of modern times and the answer to "wanting what you want when you want it" is the small exclusive specialty shop. Here, time is at the patron's pleasure and after the first visits, the little shop soon learns to show quickly what Mademoiselle and Madame require.
