

Light up.. for Health

USE light freely to guard that most precious asset—the eyesight of youth. Good lighting costs little, yet it prevents eyestrain, keeps the vision keen and thus helps to promote good health.

Light up for health with the new Edison Mazda Lamps. Their inside frosting dif-

fuses the light—without loss—and yields a soft glow that is gratefully soothing to the eyes.

Don't wait until a lamp burns out to get a new one. Save time and annoyance by buying the carton of six Edison Mazda Lamps.
