

When the black dog approaches  
 who ~~steps~~<sup>leaps</sup> to meet it fence

from my house  
 (been in road)  
 prickly looking but my dog

Black  
~~Red~~ dog might think  
 my name contrasts

me dog

Yet inside - unwise  
 believe it - actually

lives within - wild & working

Father cool -

Brother Uncle Bull

It will out I know  
 something child

a coat

I probably  
 if we but knew it nice

if it were that dog approaches

my dog snaps  
 in his plastic one  
 banks face to face.
