The wide sweep of your living dwindles me
and my horizon to a hole-in-wall
Room for no movement save the rolling eyes
and ~~the~~ cat acquaintance with a gutter world

You in your spring possess the greenery leaf
The early leap from bed, ~~and~~ ^{the} splashing
As from a water-top the ^{shower} fountain falls -
In update bliss, skin open to barrage.

And inwardly your mind takes ^{brood} ~~under~~
scope

From its environment; a sea-plane set
Amidst the fuzz of foam, but free

And storm the gullies of ^{to rise} the upper air.
Compared with ^{belly} of ^{the} alien fire.

Compared with ^{leaps} of ^{the} alien fire.
Compared with ^{leaps} of ^{the} alien fire.
leaping ^{in their} feet

And send a feeble answer to the guns.

And seem a feeble protest when the guns
roar out.
