

The enemy 's cunning, his sheer  
Weight of steel, ~~and ponderous numbers~~ of bombers  
~~soaring and descending~~ diving and driving

~~It is not enough~~

It is not enough to foreshorten  
Time 's movement, to say  
"Tomorrow will be The Day ! "

It was not enough for you,  
Barbusse, nor for those slain  
about Thermopolae;

Let us say it again, and shout  
Clear and more true, your cry :  
It is not enough for us .  
We must do more !
